PROGRAMME OVERVIEW

Train for Five Months. Then Choose Your Track.

The OPC Launchpad is a single, fully integrated Kydon programme, delivered in collaboration with Singapore Polytechnic. Training runs full-time across 8 modules and 580.5 hours, combining classroom learning with asynchronous e-learning. On graduation, you earn 8 Certificates of Completion and choose the pathway that fits your ambition.

FOUNDER

Launch Your Own OPC

Build and run your own AI-powered One Person Company — serving real clients, operating lean, and growing on your own terms. Kydon's mentorship and ecosystem remain available to support your journey.

AI SPECIALIST

Become a Professional AI Operator

Step into a fast-growing market as a qualified AI specialist — helping businesses build, deploy, and run AI-powered systems. The skills you build here are exactly what organisations are looking for right now.

COURSE STRUCTURE

8 Modules · 580.5 Hours

MODULE	HOURS
01 Gear Up: Essential Career Skills The foundation of the OPC mindset — identify opportunities, automate repetitive work, and use GenAI for everyday productivity.	43.5h
02 Programming for Data Science Python from the ground up with the core data-science libraries, handling structured and unstructured data.	64h
03 Database Management Systems Relational and non-relational database design, data warehousing fundamentals, and ETL processes.	72h
04 Data Wrangling and Visualisation Turn raw data into clean, analysis-ready datasets and build effective visualisations with Seaborn.	76h
05 Building Business Solutions with Low-Code Build the core tool of your OPC using no-code and AI-assisted development, from setup to deployment.	76h
06 Unlocking AI The LLM engine room — prompt engineering, agent design, and RAG knowledge base construction.	96h

MODULE		HOURS
07 Integrating Data and AI with Low-Code	Assemble the full integrated AI business engine, culminating in the Without-You Test.	96h
08 Leap Forward: Skills for Growth	Launch readiness, brand and go-to-market, AI-assisted decision-making, and the D-Day Showcase.	57h

Total: 580.5 hours · 8 Certificates of Completion · Full-time over 5 months.
